Epilepsy, or Falling Sickness,

This disease consists in a sudden deprivation of the enses, accompanied with a violent convulsive imtion of the whole body. It attacks by fits, and after certain duration goes off, generally leaving the sufever in a stupor, attended with great weakness and xhaustion of the body.

Doctor Hart would impress it upon the minds of heatilicied, that the Vegetable Extract is the only emedy ever discovered that can be relied on for the ermanent cure of this most dreadful of all diseases. As its tendency is to insanity, madness and death, he most Skilleur Physicians of Europe, as well as hose of our own country, have pronounced Epilepsy incurable. And it has been so considered by many, dutil this most important of all discoveries was made by Doctor S. Hart, nearly sixteen years since, during which time it has been performing some of the most REMARKABLE CURIS upon record, and has acquired a reputation which time alone can efface. Physicians if undoubted skill and experience, Ministers of vaious denominations, as well as hundreds of our emiient citizens, all attite in recommending the use of this truly valuable medicine to their patients, charge, and friends, who are thus afflicted, as the only rem-

peen cured by this valuable medicine. One says, "I have suffired beyond my power of description, but now I rejoice in being fully restored to health and happiness." After travelling through England, Scotland, Germany, and France, consulting the most eminent physicians, and expending for medicine, medical treatment and advice three thousand dollars, returned with his son to this country, in November st, without receiving any benefit whatever, and vas cured by using HART'S VEGETABLE EXTRACT. Wm. recore's Letter to Dr. Hart:-

I have spent over three thousand dollars for mediome and medical attendance. I was advised to take a tour to Europe with him, which I did. I first visited England. I consulted the most eminent physicians there in respect to his case; they examined him and prese, ibed accordingly. I remained there three months without perceiving any change for the better. which cost me about two hundred and fifty dollars, pocketed by the physician, and the most that I receiv. by the use of Hart's Vegetable Extract alone, he was Who is appointed by the proprietor, Wholesale restored to Penreer Hearrn. His reason, which was so far gone as to unfit him for business, is entirely testo ed, with the prospect now before him of life, health and usefulness. He is how 28 years of age, and 27 years 6 months of this time has been afflicted with this most drendful of diseases, but, thank God,

now enjoying good health. Now, sir, faith without works I don't believe in .losay Ishall be ever grateful to you is one thing and as I here enclose you one hundred dollars, I have, so doubt but you will think this another and quite a different thing. The debt of gratitude I still owe you, but please accept this amount as interest on the debt in advance. Yours, very respectfully, (Signed) WILLIAM SECORE.

Another remarkable Cure performed by the use of Hart's Vigetable Extract. Doctor Hart:- It is with no small degree of gratifieation that I am enabled to announce to you the com-

plete restoration to health of my daughter, by the use your Vegetable Extract. At the age of six years, her age at present is sixteen) she was first attacked with this creadful malady called Epileptic Fits; an antil she commenced taking the Extract, she suffere with attacks, of fits, almost incessantly, and so se verely as to threaten to drive reason from its throne and render her insane-Intoric. Physicians pronounced her incurable, and enuld do tothing more for her. We had almost despaired of a

cure, when hearing of the remarkable cures performed by the Vegetable Extract, we determined to give it a trial. The result has exceeded our most sanguine expectation, as by its use she is free from a most dread ful malady, and restored to PERFECT HEALTH! Should any one feel desirous of seeing her, and of ascertaining the particulars of the case, such wish may be gratified by celling on or addressing a letter to me, past-paid, at my residence, two miles from the vilinge of Yonkers, Westchester. New York. O. C. DENSLOW, Yonkers N. Y.

Teething, Worm, Costiveness, &c., will produce his disorder. In all such cases the Vegetable Extract is the only medicine which can be refied on with any degree of safety. Mothers who have small children should remember this. MANY & CHILD, the past year, who has suffered with this complaint, and has Been given over by physicians to die, has been restored by the use of but one bottle of Hart's Vegetable Extract. The child of William Anderson, North Fourth street. Williamsburgh, aged 20 months, had fits constantly for eight weeks. A consultation of physihoneless one, and the child must die. Whilst the child was in this dangerous state Mr. Anderson called at my office and obtained a bothe of the Extract. administered it to the child, and the result was a perpect ratoration of health.

The son of Mr. Robert McGee, corner of Sullivan and Prince streets, New York, was severely afflicted with fits. In this case also the physicians held a con-sultation and decided that they could do no more and that nature must effect its own cure, or the boy must die. The Vegetable Extract was administered to him whilst in a fit, by one of the attending physicians. Its effects were almost instantaneous. hits was broken, and the boy restored to health. Mr. McGee says, "I shall never again be without the medouse, it I can avoid it, for fear that some

of the rest of my children may be attacked in the same way. I consider the medicine invaluable.
